Project Delivery Management Experts

Innovating Architectural Excellence

Ecovista Aesthetics (P) Ltd

**Connect with EcoVista Aesthetics (P) Ltd. Our offices are in Noida | Ghaziabad | Delhi | Dubai
Call us at +91 9910763371 or visit www.ecov.in Email us at info@ecov.in**

EcoVista Aesthetics is a specialized turnkey solutions provider offering a curated portfolio of façade, fenestration, cladding, glazing, specialized building envelope systems, high-performance interior systems and premium Architectural materials & services.

With a strong technical backbone and project delivery expertise, we operate on a project-based integration model to deliver highest quality and cost-effective turnkey solutions across commercial, residential, hospitality, institutional, and industrial sectors in India.

Our commitment is to provide innovative building aesthetics solutions with high attention to design details, constructability, product functionality and long-term durability. We collaborate only with Reputed Brands and Quality Installation Partners, ensuring best-in-class execution.

Our Parent Company : Protecon BTG

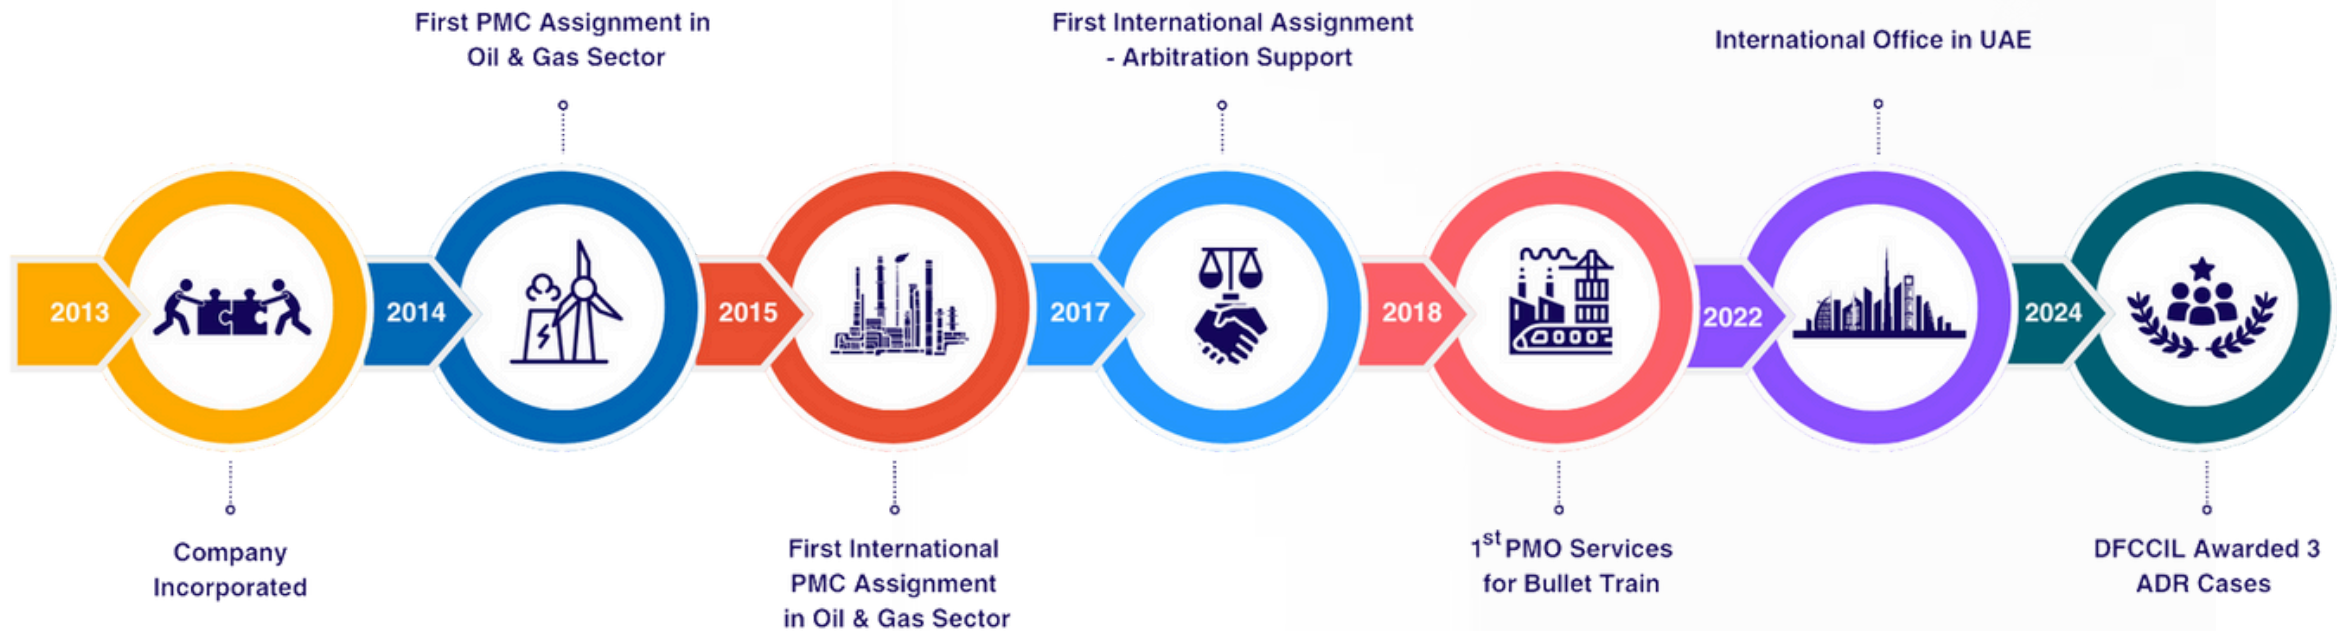

Protecon BTG (www.probtg.com) is a Project Management Consulting company, founded on 25th September 2013 by a team of IITians with over 25 years of experience in Oil & Gas and Infrastructure. Protecon provide expert services in Project Management and Construction Claims & Disputes Resolution to help organizations achieve successful project delivery and closure.

Over the past 11 years, Protecon have grown sustainably and are proud to be recognized for Quality and Expertise. As part of continued growth and diversification, Protecon BTG has recently launched its subsidiary, EcoVista Aesthetics Private Limited, which operates under the parent company Protecon. This new venture expands our capabilities into specialized sectors while maintaining our commitment to excellence and client success.

11 years of Building Credibility

Protecon came into existence on 25th September 2013, founded by a team of IITians with 25+ years of professional experience in Oil & Gas and Infrastructure (Roads, Bridges, Bullet Train, Ports, Dedicated Freight Corridors). Over the last 11 years, we have achieved sustainable and organic growth and today, we feel proud to be acknowledged and trusted for the quality of our services and the expertise of our team.

Vision & Mission

Vision

To **become a benchmark name** in building envelope and Interior systems by offering turnkey solutions that combine design, engineering, sustainability, and innovation.

Mission

To create enduring value through design innovations, highest Quality & Safety standards, optimized cost and on-time delivery of the projects.

To promote sustainability, safety and aesthetics in every space we touch.

Leadership Team: Driving Architectural Innovation

Er. Manish Khilauria, PgMP®

B.E. (Civil) - IIT Roorkee

Director, Engineering & Project Delivery, ensuring flawless execution.

Prof. (Dr.) Partho Sen (Ar.)

Principal Architect & Visionary Strategist, guiding our design philosophy.

Er. Ajay Saxena

B.E (Industrial) - IIT Roorkee

Technical Advisor & Execution Head, overseeing field standards.

Ms. Sudha Saxenaa (MBA)

Director, Business Operations & Strategic Alliances, driving growth.

Parmod Arora (Project Anchorage & Implementation)

Founder S.R Innovation | Ventona Ssystem – ensuring seamless execution and delivery.

Associates and partners

Backed by strong partnerships with Protecon BTG, Ventona Ssystems, SR Innovation and a trusted ecosystem of glass processors, aluminium system providers and specialized industry associates, EcoVista delivers fully integrated solutions for every project. From concept to completion, we serve as the single point of accountability — managing timelines, quality, budgets and technical compliance with unmatched industry expertise. Our approach ensures every project is delivered with precision, transparency and a client-first mindset.

WHY ECOVISTA?

Unmatched Technical Expertise for Best Solutions

Our team of technical experts provide hand-holding and technical guidance to the client from the concept stage, helping finalize optimum design solutions with focus on constructability to achieve high quality finish with-in cost and time budgets of the Project.

High Quality & Superior Finish with Skilled Work Force

We ensure deployment of only certified skilled Manpower (Screened, Upskilled & Certified by EcoVista installation Experts) for installation works equipped with advanced and accurate Tools, Tackles, Jigs, Fixture, measuring instruments and safety gadgets. This result in high quality of work with superior finish, minimal wastage of material, fast pace of work and accident-free site.

On-Time Project Delivery

Leveraging Project Management Experience and Tools from our parent "Protecon BTG", EcoVista utilizes best in class Planning, Monitoring, Coordination and Interface protocols to ensure smooth Progress and Timely Delivery of projects without compromising on Quality and Safety standards

Application & Market Segments

- High-Rise Residential Towers
- Commercial Office Spaces
- Hospitality & Resorts
- Healthcare & Pharma Facilities
- Educational Institutions
- Industrial & Infrastructure Projects
- Retail Fronts & Showrooms
- Villas, Bungalows & Premium Residences

Product & Services

- Aluminium Systems and Hardware
- Building Facades
- Interior Design and Decoration
- Pre-Engineered Buildings
- Integrated Project Delivery
- Project Management Consulting

Our Product & System Offerings

Customized Building Solutions

- Facade Systems – Structural Glazing (Unitized / Semi-Unitized / Curtainwall)
- Frameless Glass Systems
- Canopy & Skylights
- Glass Partitions (Movable / Fixed / Acoustic / Lead-lined Units)
- Cladding ((ACP) / Zinc)

Our Product & System Offerings

Customized Building Solutions

- Interior Partitions
- Railings
- Fronts & Entrances

Our Product & System Offerings

Aluminium – Windows & Doors

Our range includes customizable styles like sliding, casement, top-hung, fixed, slide-and-fold, and tilt-and-turn to suit various design needs. Our products are designed with energy efficiency in mind, helping to prevent heat transfer through the frame and maintaining a comfortable indoor environment. Built to withstand even the harshest conditions, they offer exceptional durability and resilience. With noise-reducing properties, they provide a quieter, more peaceful space. Easy to maintain, they come with a range of customised solutions, ensuring they meet your unique needs and preferences.

Our Product & System Offerings

Slimline profiles - Aluminium Windows & Doors

Our sleek aluminium partitions, wardrobes, and shower enclosures are designed to offer more view with less frame, creating a clean, modern look. They combine aesthetic beauty with practical everyday use, making them the perfect choice for any home. With a range of customised solutions, including designer glass options, our products provide multiple shades to perfectly complement your interior. The contemporary design adds an elegant touch, enhancing the overall beauty of your space.

Our Product & System Offerings

uPVC – Windows & Doors

Our range includes customizable styles like sliding, casement, top-hung, fixed, slide-and-fold, and tilt-and-turn to suit various design needs. Built to resist smog and air pollution, these solutions are a preferred choice among builders. They offer excellent durability, a strong cost-benefit ratio, and are made from 100% recyclable materials. A wide selection of laminate finishes—from modern tones to wood textures—ensures a perfect match for any aesthetic.

Our Product & System Offerings

Customized Glass Solutions

- Toughened Glass
- Laminated Glass
- Insulated Glass
- Solar Glass
- Bird Safe Glass
- Bullet Resistant Glass up to BR 6 level
- Ceramic Fritted Glass
- UV Printed Glasses

Our Product & System Offerings

Pre-Engineered Building

- PUF Panels
- Structural work
- Portacabins
- Resort huts & houses
